ATT.: DTE Supplemental Comments to the FERC

---

Attached please find Department comments to the Federal Energy Regulatory Commission's ("FERC") Standardization of Small Generator Interconnection Agreements and Procedures Notice of Request for Supplemental Comments, Docket RM02-12-000 (August 12, 2004) ("Small Gen NOPR"). These Department comments were filed at FERC on October 1, 2004.

It has come to my attention that an extraneous page was included the copies of the FERC comments sent to the service list in this proceeding on October 1, 2004. This page was not included with the documents filed with FERC or with the Department in the D.T.E. 02-38 docket. This page is not part of the Department's official records.
